Once again storm clouds roll over America. Once again we must build our nation's mental and physical strength until it surpasses that of all others.

Since the war began, we of Fortuna Union High School have done what we could to help forward the defense program. In addition to these duties, however, we have found time to keep up our spirits and to improve our health and our morale with varied leisure time activities.

Recognizing the importance of play in safeguarding the well-being of a nation, we dedicate our book to recreation.

We will work hard—we will play hard—confident that soon the Stars and Stripes will again float in clear skies.

RATION

Today every true American has a job to do. On the farm, in the city, and in the home, everyone must be of service in this fight for Democracy. Your faculty's responsibility has been to train you to do your part with greater efficiency and more enthusiasm.

Only through your efforts as the Builders of Tomorrow can a new America arise from the present conflict. Your success as a worker will measure our success as teachers.

We are fortunate in having men such as these who make up our Board of Trustees to guide the affairs of our school. Now more than ever, when changing conditions bring new problems which must be met and solved promptly and wisely, the constant interest and good judgment of our trustees proves to be of inestimable value to the school.

We can be truly proud of the way our student government has advanced from a poorly organized, unrepresentative body to an efficient organization in which every individual has a right to participate.

Rewriting the constitution, preparing a budget, and taking charge of assemblies are just a few of the many activities the Advisory Board has engaged in. Although the Board has made mistakes, the members profited from these blunders, learning from experience how to cope with difficult problems.

The most important of student organizations, the Advisory Board is proving that democracy is more than a word.

We, the staff, have endeavored to make the 1942 Megaphone a lasting symbol of your eventful years in Fortuna High School.

A combination of our best ideas has produced this annual, the Megaphone, which we hope will show not only who goes to our school, but what we do in both our work and play.

The staff feels that if you enjoy the book, our efforts will have been rewarded.

# SPORTS

Inter-school and intramural sport activities at Fortuna High are greatly enjoyed by both boys and girls. Our players have earned a reputation for earnest playing and good sportsmanship, win or lose.

Our basketball teams made an exciting play for the championship this year, missing it by a narrow margin. In honor of the teams a banquet was given at the end of the season. It was the first basketball banquet to be held at Fortuna High School, but let's hope that it will become an annual affair which will be enjoyed in the years to come.

# YELL LEADERS AND MAJORETTES

Vim, vigor and vitality typified our yell leaders and majorettes this year.

Our trio of yell leaders, gaily decked out in their school colors, gave a display of acrobatic stunts and well timed yell leading which was fascinating to watch.

The trickiness and peppiness of the majorettes put the old zip into our band to make it one of the outstanding music organizations of the year.

Yell Leaders: Annie Bellum, Gloria Albiani, Barbara Lindblom.

Majorettes: Pauline Gushaw, Alma Wendt, Melba Adorni, Gloria Albiani.
